

Craig & Penllyn Residents Association

Chairman's Report

Christmas is a time for gathering family and friends together. It is also a time that reminds us of those who are no longer with us. So in the midst of all our eating, drinking and getting merry, we shouldn't forget that Christmas is also a good time to stop the unusual noise of our everyday life to remember and then celebrate those we have loved and lost.

Hay Rake

Once again many thanks to grandparents, parents and children all who volunteered to help with the parish field hay rake. Well all worked hard and the job was done in record time. We even managed coffee and biscuits and a catch up on news.

Penllyn Book

I have still got copies for sale—good Christmas presents!

Dates for your Diary Sunday 7th December

Craig & Penllyn children's Christmas party to be held at the Barley Mow.

Tuesday 16th December

Christmas lights competition.

Winchfield Update

Last Month Craig and Penllyn Residents Association met with Phil Chappell of Creative Rural Communities at the "Barley Mow" to discuss your views and comments regarding the field. The most popular proposal was the multi-purpose track for running, cycling and walking followed by more seating or picnic area. Also a considerable number of you requested some kind of shelter or pavilion.

The committee all agreed and a decision was made that these popular proposals became phase one of the Winchfield project. Planning, funding and costings are currently being considered under the guidance of Creative Rural Communities. All of which will take time and patience.

We will keep you informed via the village newsletter as events proceed.

Melanie Treadwell and Barbara Whitehouse

Penllyn Village Hall

Minutes of the meeting held on 30th September 2008

Jill Bonney volunteered to be minute secretary at future meetings. However the Committee is still looking for someone to take over as secretary. Val will continue to act as the Hall caretaker.

Colin Parsons will look at the electrical equipment and obtain a quotation for testing it. Colin is also working of the Risk Assessment

David Wright gave an estimate of the cost of materials for blocking off the upper path with the cable hazard. The Committee agreed that he should go ahead with the work as another near miss has been reported to Val.

Boundary Changes

David Harris will talk to Nick Renwick, Ty Cattwg, Llancarfan with a view to
