For the attention of Mrs Barbara Whitehouse/Mrs M Treadwell

I am surprised that you have visited Mrs Morecroft and singled her out to discuss the matter of the Roadway around her house.

From what Mrs Morecroft informs me you have manipulated this lady to suit your own ends. She is still very unhappy and distressed about this roadway around her property. I am writing to the council to ascertain to whether the Roadway passing her house can be moved within the current application. (Mrs Treadwell discussed this with Mrs Morecroft on 24th August 2009)

Why are you not calling a meeting to discuss the many questions outstanding on this project? Surely the residents need clarification on this matter and surely you have all the residents' interests at heart?

Whether you are interested or not, I am a resident of Craig Penllyn and have been for 33 years, and have a right to my say as do everyone else. Are you sure that this project is not going to devalue the properties around the park and particularly Winchfield house?

I say again to you, if outsiders are encouraged to use this Roadway facility will this increase the chance of:

- Vandalism
- Theft
- Burglaries
- Litter
- Graffiti
- Possibly drinking and drugs, especially around the tennis courts area?

I ask you, is it worth the risk?

Yours faithfully

Mr D R Reade
